## Puppy purchaser questionnaire

All of the dogs that I use for breeding purposes have current health clearances. My puppies are bred first and foremost for health and temperament. I am very active in showing dogs in conformation, and have bred Golden Retrievers for nearly 20 years and Springers for five. All puppies are well socialized, vet checked, wormed, started on their shots and come with a health guarantee. Additionally Springer puppies have their eyes ACVO examined prior to sale. References from previous buyers are gladly provided. Pet puppies are held on a non-refundable \$100.00 deposit. In the event that there are not enough puppies, or a puppy of the desired sex is not available, the deposit is refunded.

If you are interested in a Foxboro puppy, please fill out the following questionnaire and mail it to me. I appreciate your interest and look forward to helping you. Please don't hesitate to contact me if you have any questions.

**\* Please note: I do not sell puppies for breeding purposes. All are sold on a spay/neuter contract and with AKC Limited Registration, which stipulates that no offspring of the dog can be registered with the American Kennel Club. Responsible breeders do this to protect the future of our purebred dogs. \***
